

WORKSHOPS

Mental Health Impact of SUDS on Neurodevelopmental Mental Disorders

Chair: Josep Antoni Ramos-Quiroga (Spain)
Chair: Wim van den Brink (Netherlands)

Genetics of Substance Use Disorders and Neurodevelopmental Disorders

Josep Antoni Ramos-Quiroga (Spain)

Neuroimage Studies: The Effect of Methylphenidate in Cocaine Users with ADHD

Cleo Crunelle (Belgium)

Treatment of ADHD with Cannabinoids (Phil Asherson)

Philip Asherson (United Kingdom)

Guidelines for Managing ADHD and Substance Use Disorders

Frieda Matthys (Belgium)

Women in Psychiatry: Mind the Gender Gap

Chair: Sophia Frangou (USA)
Chair: Silvana Galderisi (Italy)

The Current Status of Women in Psychiatry in Europe

Sophia Frangou (USA)

Barriers to Advancement Faced by Women Psychiatrists Starting Their Career

Cécile Hanon (France)

Barriers to Gender Equality in Career Advancement and Leadership

Danuta Wasserman (Sweden)

Enlisting Men to Support Gender Equality in Psychiatry

Patrice Boyer (France)

Forensic Psychiatry in Europe in 2017: Discussing Similarities and Differences of Five National Systems

Chair: Hans Joachim Salize (Germany)

Chair: Giovanni De Girolamo (Italy)

Forensic Care in Italy: Changes, Illusions and Realities

Giovanni De Girolamo (Italy)

Forensic Care in the U.K.

Marco Picchioni (United Kingdom)

Forensic Care in France

Thomas Fovet (France)

Forensic Care in Germany

Harald Dressing (Germany)

The Boundaries Between General and Forensic Care in the Netherlands

Niels Mulder (Netherlands)

Community Mental Health Models Throughout Europe: Universal Themes, Variation Between Countries

Chair: Rene Keet (Netherlands)

Chair: Niels Mulder (Netherlands)

Six Universal Principles of Community Mental Health Care

Rene Keet (Netherlands)

Flexible Assertive Community Treatment in the Netherlands

Niels Mulder (Netherlands)

Flourishing Mental Wellbeing in a Post-Conflict Society -CMHS in Northern Ireland

Peter McBride (United Kingdom)

Strengths and Challenges of Community Mental Health Services in Norway

Torleif Ruud (Norway)

Evaluation and Monitoring of Community Mental Health Services in Verona

Mirella Ruggeri (Italy)

Decentralisation and Deinstitutionalisation of the Mental Health System in a Former Soviet Union State

Jana Chihai (Moldova)

Big Data in Psychiatry. Unprecedented Opportunities, New Strategies

Chair: Antonio Drago (Denmark)

Chair: Concetta Crisafulli (Italy)

Permutations and Computational Power: A Molecular Cascade Analysis to Approach Big Data in Psychiatry

Antonio Drago (Denmark)

Inflammation and Pruning May Inform Risk to Psychiatric Disorders. Lessons From Large Genetic Data

Concetta Crisafulli (Italy)

Combined Analysis of Large Genetic Samples: New Statistical Approaches Improve Gene Discovery

Olav Smeland (Norway)

RNA Sequencing in Bipolar Disorder: From Long Non-coding to Circular RNAs

Jurjen Luykx (Netherlands)

Allostasis Insulin and the Brain: Implications for the Disease Modeling and Treatment in Psychiatry

Chair: Roger McIntyre (Canada)

Chair: Natalie Rasgon (USA)

Refining Disease Models in Mood Disorders: Results from the PALS

Roger McIntyre (Canada)

Insulin Resistance and Telomere Length in Treatment of Depressive Disorders

Natalie Rasgon (USA)

Effect of BMI on Resting-state Functional Architecture of the Brain in Healthy Individuals and Patients With Psychosis

Sophia Frangou (USA)

Comorbidity of Depression and Diabetes: Questions Recently Answered and Raised

Norman Sartorius (Switzerland)

Depression and Its Somatic Consequences: Allostatic Load as the Connecting Link

Brenda Penninx (Netherlands)

Reward Circuits, Anhedonia and Avolition: Brain Imaging Contribution to their Understanding in Schizophrenia

Chair: Armida Mucci (Italy)

Chair: Stefan Kaiser (Switzerland)

VTA-insula Connectivity and Avolition in Subjects with Schizophrenia

Armida Mucci (Italy)

Reinforcement Learning Alterations in Schizophrenia and Their Relation to Psychopathology

Florian Schlagenhaut (Germany)

Differential Neural Correlates of Dimensions of Negative Symptoms in Schizophrenia During Social-emotional Appraisal and Effects of Treatment

André Aleman (Netherlands)

Self-regulation of the Dopaminergic Reward System via Real Time fMRI Neurofeedback in Schizophrenia

Matthias Kirschner (Switzerland)

Brain Changes in Early Onset Psychosis

Chair: Sophia Frangou (USA)

Chair: Ingrid Agartz (Norway)

Structural Brain Abnormalities in Early Onset Psychosis: Results from the NORMENT EOP Cohort

Vera Lonning (Norway)

Frontostriatal Dysconnectivity in Adolescent Onset Schizophrenia and its Associations with Cognition: An MRI Volumetric and Diffusion Tensor Imaging Study

Anthony James (United Kingdom)

Auditory Cortex Characteristics in Early Onset Psychosis and Its Associations with Auditory Hallucinations: A Structural MRI Study

Runar Elle Smelror (Norway)

Progressive Frontal Dysconnectivity During Working Memory in Eos Patients: A Longitudinal Functional Mri Study

Sophia Frangou (USA)

Baseline, Two-year, and Five-year Follow-up of Children and Adolescents with First-episode Psychosis: A Spanish Cohort

Joost Janssen (Spain)

Enigma - Collaborative Analyses of Neuroimaging EOP Data: What Have We Achieved?

Ingrid Agartz (Norway)

Love, Sex and Psychiatry: The Case of Gender Dysphoria

Chair: Giovanni Stanghellini (Italy)

Chair: Mario Maggi (Italy)

A Dimensional Perspective on Sexual Orientation and Gender

Giovanni Castellini (Italy)

Gender Identity Issues in Children and Adolescents

Thomas D. Steensma (Netherlands)

Ethical issues in Gender Dysphoria

Simona Giordano (United Kingdom)

Psychopathology of Love: Schizophrenia and Depression

Otto Doerr-Zegers (Chile)

Healing the Healers: Strategies of Prevention and Modulation of Work-Related Stress for Mental Health Workers

Chair: Julian Neil Beezhold (United Kingdom)

Chair: Umberto Volpe (Italy)

Stay Foolish, Stay Fit: An Excursus on Strategies to Prevent Burnout of Mental Health Professionals

Silvia Ferrari (Italy)

Mental Health of Psychiatric Trainees

Nikolina Jovanovic (Croatia)

Suicidal Behavior Among Portuguese Psychiatry Trainees: Comparison with the European Situation

João Gama Marques (Portugal)

Workplace Stress Among Non-doctor Trainees in Psychiatric Rehabilitation

Umberto Volpe (Italy)

Work Setting and Perceived Stress - Are All of Us Exposed to the Same Risks?

Ana Moscoso (Portugal)

Psychiatry in a Globalised World: Challenges and Possibilities of Global Mental Health

Chair: Howard Ryland (United Kingdom)

Chair: Norman Sartorius (Switzerland)

Introduction to Global Mental Health

Norman Sartorius (Switzerland)

Core Competencies for Health Professionals in Global Health

Marisa Casanova Dias (United Kingdom)

Global Mental Health Policy

Ricardo Araya (Chile)

Global Aspects of Refugee Mental Health

Marianne Kastrup (Denmark)

Challenges of Global Mental Health

Dinesh Bhugra (United Kingdom)

Mothers with Major Mental Illness and Their Young Infants: Can We Meet the Challenges?

Chair: Angelika Wieck (United Kingdom)
Chair: Marisa Casanova Dias (United Kingdom)

Risks and Challenges in Perinatal Mental Health

Angelika Wieck (United Kingdom)

Psychiatric Mother and Baby Inpatient Units

Florence Gressier (France)

Maternal Mental Illness and Early Parenting Interventions

Anne-Laure Sutter-Dallay (France)

Psychiatric Training in Perinatal Mental Health Across European Countries

Marisa Casanova Dias (United Kingdom)

Psychiatric Trainees' Experience of Their Training in Perinatal Mental Health

Ekin Sönmez (Turkey)

Developing a Curriculum and Standards for Psychiatric Training in Perinatal Mental Health

Elizabeth McDonald (United Kingdom)

To Screen or Not to Screen?

Chair: Gilbert Lemmens (Belgium)
Chair: Albert Diefenbacher (Germany)

Problems of Screening for Psychiatric Comorbidity in the Medically Ill – What Can Be Recommended?

Albert Diefenbacher (Germany)

The Impact of Screening Psychiatric Comorbidity and High Risk Feedback on Liaisonpsychiatric Consultation Rates and Clinicians' Attitudes on a Neurology Ward.
