## WELCOME MESSAGE

### Dear Colleagues,

We have the privilege to invite you to attend the 34th European Congress of Psychiatry, which will be held in Prague, Czech Republic, on 28 – 31 March 2026.

The 2026 Congress motto will be “Mental Health: Improving Care and Expanding Horizons”, emphasising the need to improve mental healthcare across all contexts and for every citizen living in Europe. “Expanding Horizons” underscores the importance of strengthening collaboration with allied professionals and including experts by experience and carers in the improvement of mental healthcare.

We hope that the Congress will broaden participants’ understanding of mental health by promoting a translational approach, bridging humanities with social sciences, and fostering dialogue between psychiatry and other medical disciplines.

The 2026 Congress will provide an excellent opportunity to share clinical knowledge, advance education, and discuss research opportunities in the areas of prevention, early detection, diagnosis and treatment of mental disorders, as well as in the promotion of mental health in the general population.

The European Psychiatric Association includes 44 National Psychiatric Associations, representing more than 80,000 mental health professionals across Europe. In addition to its 23 Scientific Sections, the Association also includes several Committees and Task Forces dedicated to addressing key challenges in mental health. Participating in the 2026 Congress will be a unique opportunity to gain new insights, optimise patient care, and expand professional networks. The Congress will be hosted in the wonderful city of Prague, located in the heart of Europe, offering a perfect blend of tradition and innovation.

We look forward to welcoming you to Prague at the 34th European Congress of Psychiatry!

**Andrea Fiorillo**  
EPA President 2025-2027
